REMOTE ASSESSMENT PROCESS

Request

Manger/employee contacts ergonomist to request a remote assessment.

Information

Employee uses app to fill out questionnaire, take photos, and suggest assessment date and time.
(10-15 minutes)

Meeting

Employee has an online video conference with the ergonomist, using smartphone or computer camera.

(50-60 minutes)

Download the Remote Ergonomic Assessment app now!

Ergonomist calls both employee and manager to review the remote assessment process.

Confirmation

Ergonomist confirms video conference time and sends meeting request to employee.

Report

Ergonomist generates report and sends to manager.
